Taking Care of Buildings: Stewardship for Historic Structures

Workshop for the Continuing Education Program in Historic Preservation

Mid-Atlantic Regional Center for the Humanities (MARCH)
Rutgers University-Camden

DRAFT AGENDA – Subject to change

9:00AM-4PM

- Welcome
- Introductions
- What is stewardship, and why should you care? (Nicole Belolan)
- Clarifying the Documents: Preservation Plan, Historic Structure Report, Condition Assessment, Feasibility Assessment, Maintenance Plan/Manual, Emergency Preparedness (what is the purpose for each, when are they needed, and how are they used)
- A Preservation Plan isn't one and done! How do you implement one?
- What is a maintenance plan? How do you implement one?
- What is a condition assessment?
- Troubleshooting and what to look for in a routine inspection – tour

Last updated July 29, 2019

- Develop a routine repair/replacement schedule and determine who will implement it.
- When should you hire a professional, and how you can identify a qualified one? What can your organization do for itself?
- What's the difference between annual budgeting and capitol campaigns?
- Q&A (Facilitated by Nicole Belolan)
